

AUGUST 30-31

RALLY KURZEME 2013

FESTIVAL OF SPEED

RALLY GUIDE II

1. ORGANIZER'S OPENING STATEMENT

Greetings, masters of the engines!

For the several years in turn in the last weekend of August we are expecting You visiting Liepaja – Festival of Speed – rally “Kurzeme” – the oldest rally competition in Latvia. This year we are pleased to welcome stages of Latvia, as well as Estonian rally championship and the stage of Latvian rally sprint championship.

In this years track we have included sportsmen's favorite special stages – classical Vecpils, Podnieki, Kalvene and other wide roads with hard gravel surface, where trajectory has to be drawn on high average speeds. Overall length of the special stages will reach 128 kilometers. Characteristic of rally “Kurzeme” – night special stage will take place in the first day of the competition. Rally centre and service area will be located in Liepaja, as well as final city special stage.

Program of the Festival of Speed is supplemented with participants of Northern Europe moto-freestyle championship for superbikes. In the city special stage track we will see performance of winners of several motorsport competitions.

We retained Fridays-Saturdays competition format, to be able to buy You, sportsmen, some glass of refreshing drink afterwards and You don't have to think about driving home and enjoy the end of the summer in the atmosphere of rock music festival in the city of winds – Liepaja.

We are happy to see all of You – sportsman, mechanics, spectators and our supporters. We wish to say “Thank You” to all of You, because You are the reason why we are organizing this event, and without Your support such event can never take place.

See you in Liepaja!

On behalf of organizer's team,
Uldis Hmieļevskis -
Director of the Festival of Speed

F (remote)	15 min	Yes	Yes	
G	20 min	Yes	Yes	

Service areas of the crews

One competitor’s crew will be provided with working area inside the service parks of following sizing:

- LRC crews with $7m*10m = 70m^2$
- Other crews with $6m*9m = 54m^2$

Extra space in the service area is available for additional cost – $3.00LVL/m^2$ incl. VAT 21%.

Flexi Service C

Crews can drive in to the 45 minutes "Flexi service" in the Parc Ferme. After that crews can whether enter the Service park or stay in the Parc Ferme. The representative of the competitor can drive competition car only once from Parc Ferme to the service Park and back, fulfilling all the formalities.

It is allowed to delivery competition car to the night Parc Ferme before 45 minutes have passed, without getting penalized. All cars, except restarted crews, must arrive to the night Parc Ferme before August 31 at 1:00.

Remote service area B; F

Remote service area regulations are compulsory (in accordance with Latvian Rally General Regulations, article 52).

Speed limits

Maximum speed in the service park should not exceed 30 km/h. Violation of this restriction will be penalized in accordance with Steward's decision.

General regulations of the service park

Only competition cars and service cars with sticker "Service" issued by the organizer and fastened at the front window of the corresponding car can enter the territory of the service park. Try to avoid damaging of the ground of service area. It is not allowed to use nails and screws for fastening in the service park. Crew is responsible for damages it has made in the service park. As long as the service works are done, crews must lay plastic carpet in the size of the car under the competition car. Service works should not be the cause for the extended and inevitable damages. Refueling is allowed only in purposed refueling zone. After the rally Service Park must be retained in the proper condition. Crews are responsible for collection of their garbage and sewage.

Person in charge of the service park:

Ēriks Kriviņš, phone: +371 26635889

Person in charge of the remote service parks:

Gatis Rupeiks, phone: +371 29434053

6. RECONNAISSANCE

When receiving the reconnaissance documents, entrants must provide the organizer with the information about details of the reconnaissance car, crew's mobile phone numbers and accommodation information.

Provision is made for a maximum of **2 passages** through each SS. There are 3 passages allowed for reconnaissance of special stages 4,5,6,7.

Fact Judges or special measuring devices will register runs. Organizer has the right to change number of reconnaissance; in this case entrants must be informed about the changes when they receive the reconnaissance documents.

Crews are not allowed to drive in the opposite direction of the rally on the SS.
