EVENT GUIDE 22.-23.10.2016

1. Introduction

I have great pleasure to welcome you all in an autumn autosport festival on rally "LATVIJA". The rally in the city definitely is not that the stand out an event rally "Latvia". But to combine one in six different disciplines of rally and different rally competitors aged from 12 years to 60 years, of course makes autosport festival special in the whole region.

Here come-across nowadays rally cars and historical vehicles, as well as our parent's vehicles in a separate "LADA" classification. Here are facing our best Latvian racers whose success we follow up in the European and World tracks with quite ordinary boys from own town in the same special stage, in the same track! It is an invaluable exchange of experience. Great thanks to Jurmala city, exchange of experience can be combined in one place 10th time in row!

The Rally Latvia is going 20th (!) time in this year! In honour of this event, the rally "Latvia" has become a full member of the FIA European Rally Cup challenge and the rally has also the honour to be as the closing stage of the FIA Rally Baltic Cup. That is because in the rally "Latvia 2016" we will find who the best are and who will receive an advanced "ticket" to go and fight for the European Rally Cup this year in November, in Austria!

I wish to all of you to enjoy our new format and the new stage compositing.

Respectfully
Jānis Krastiņš
Head of Rally Commission
Latvian Automobile Federation
